

## Community Development Manager Pam Robinson

Pam has built up a wide range of skills during her 25 year career in the Civil Service, including managing projects, leading teams, working with customers and introducing new and innovative ways of working. Pam also ran a successful weight loss class for several years and set up a youth group for teenagers with disabilities.

Pam is passionate about helping local people live their lives to the full. Over the last few years, she has worked on a voluntary basis to help St Matthew's develop and implement its vision. Having secured short-term funding, Pam is keen to extend the scope of the support we can offer to the local community.

Our currency is connections and Pam has developed a wide range of partnerships across Stockport, including links with local councillors, community groups, local police teams, neighbourhood teams and private companies.

Pam worships at St Matthew's and is a member of the Chester Diocese Signing Team.
